GUIDELINE OF INTERNATIONAL POSTER COMPETITION DENTINE 2026

DENTINE International Poster Competition is part of the DENTINE 2026 event series in the field of art, containing information about dentistry. This competition is open to high school students around the world, as evidenced by a valid student identity card. The entire competition will be conducted online.

I. Theme

“Bridging Roots and Science: Exploring Worldwide Traditions and Natural Ingredients Around the World for Sustainable Oral Health”

II. Competition Categories

International Poster Competition

III. Theme Description

Bridging Roots and Science: Exploring Worldwide Traditions and Natural Ingredients for Sustainable Oral Health invites participants to delve into the rich heritage of traditional oral care practices rooted in local cultures and to explore how modern science can validate, enhance, and sustainably integrate these natural remedies. This theme encourages creative and scientific exploration of indigenous ingredients, methods, and wisdom that have long supported oral health, aiming to inspire innovative, eco-friendly, and culturally respectful solutions for the future of dental care. Participants are challenged to bridge the gap between ancestral knowledge and contemporary research, highlighting the importance of sustainability, accessibility, and the preservation of natural resources in promoting healthy smiles worldwide.
